Mukalla, Yemen | +967736584524 | sa.al9wel@gmail.com | al9wel.netlify.app

SUMMARY

Frontend Developer with a Bachelor's degree in Information Technology. Experienced in building responsive, dynamic web applications using modern technologies including React, Next.js, Tailwind CSS, and JavaScript. Passionate about creating clean UI, writing efficient code, and continuous learning in web development.

EDUCATION

Bachelor in Information Technology

Alryan University, Yemen, Hadramout | 2026

Relevant Coursework: Software Development, Web Technologies, Problem-Solving

Strong foundation in applying theoretical concepts to real-world projects

PROJECTS AND EXPERIENCE

• Digital Archive & Taxpayer Services System

A comprehensive administrative system developed for the **Hadramout Coast Tax Office** to digitize document archiving and streamline taxpayer services. The system enables secure document classification, role-based dashboard, rapid retrieval, and automated service workflows with a dynamic, user-friendly interface.

• Creative Portfolio

Creative Developer Portfolio — A modern and interactive developer portfolio built with Next.js and Tailwind CSS, featuring smooth animations powered by Framer Motion. The portfolio showcases projects, skills, and experience through a clean UI, responsive design, and engaging user experience focused on performance and creativity.

• Alkhair Mangment System

A full-stack system built with Next.js for managing shop operations including sales, expenses, customer debts, employees, and inventory. Features role-based access control, real-time calculations, and a responsive UI using shadcn/ui.

• Hadramedia

A modern news platform built with React and Supabase, featuring a powerful admin dashboard for managing news, articles, and published content. The system provides a smooth and responsive user experience with dynamic content management and a clean modern interface .
